SUMMARY

Full Stack Developer with 2+ years of experience building and shipping production web applications with React.js, Next.js, Node.js, and MongoDB. Strong track record of measurable performance and UX improvements in Agile/Scrum teams, with hands-on experience integrating AI-agentic tooling (Claude Code, Claude API) into real development workflows to accelerate delivery. Background in graphic design sharpens UX instincts on technical work. Actively seeking full-time Full Stack or Frontend Developer roles in Canada or remote.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Redux, TypeScript, Tailwind CSS, Bootstrap, jQuery, HTML5, CSS3

Backend: Node.js, Express.js, REST APIs, Swagger, ASP.NET, Spring MVC, Spring Boot

Databases: MongoDB, MySQL, PostgreSQL, Google Firebase, PL/SQL

Languages: JavaScript, Java, Python, C#, PHP

Cloud / DevOps: Microsoft Azure, AWS (S3, IAM, ACL), Google Cloud Platform, Git, Netlify, Vercel, Postman

AI / Agentic Coding: Claude, Claude API, Claude Code, OpenAI API, Google Gemini, Vertex AI, Hugging Face, n8n

Soft Skills: Cross-functional Collaboration, Agile/Scrum Methodology, Technical Documentation, Problem Solving, Graphic Designing, Adaptive Learning

WORK EXPERIENCE

Full Stack Developer | *AAN Web Solutions · Remote*

Oct 2025 – July 2026

- Build and maintain full-stack applications end-to-end using React.js, TypeScript, Node.js, and Express.js, connecting frontend interfaces to PostgreSQL database and REST APIs based on client requirements.
- Handle feature development across the stack — authentication, role-based access, database schema design, and deployment on AWS and Azure — while working in an Agile/Scrum workflow from Figma handoff through code review.

Full Stack Developer — Co-op | *Credwise Financial Inc. · Edmonton, AB*

May 2025 – Aug 2025

- Worked on responsive UIs with React.js, Next.js, TypeScript, and Tailwind CSS for the RewardsX Live Module, and integrated Node.js REST APIs to pull and display bank/card data, managing data in MongoDB and PL/SQL.
- Maintained CI/CD pipelines on GitLab and used Claude Code to speed up development, helping cut bug reports by 40%, improve performance by 30%, and lift user retention by 20%.

Web Developer | *Shivaay Software Solutions · Ahmedabad, India*

May 2022 – Apr 2023

- Designed and maintained responsive web applications using HTML, CSS, JavaScript, React, Node.js, and jQuery, ensuring cross-browser compatibility and device responsiveness.
- Improved page load speed by 30%, reduced API errors by 20%, and increased transaction success rates by 15% through targeted code optimization, performance tuning, and functional/UI testing.

PROJECTS

AI Document Q&A Chatbot | *Node.js · React · Hugging Face API · [GitHub](#)*

- Built a full-stack AI chatbot enabling document upload and natural-language Q&A using context-based RAG-style prompting; delivered a working prototype in 48 hours, processing 50+ page documents with sub-3s response times.

IKEA-Style E-Commerce Platform | *MERN Stack · JWT · REST APIs · [GitHub](#)*

- Built a full-stack e-commerce app with JWT authentication, category filtering, cart/checkout with payment validation, real-time order tracking, and an admin portal for product and order management.

Sunrise Airways — Airline Reservation System | *Java · MySQL · Swing · [GitHub](#)*

- Developed a role-based airline reservation system with secure user registration, ticket booking, flight scheduling, and booking history for both customers and admins.

EDUCATION

Graduate Certificate — Full Stack Software Development | Lambton College, Toronto, ON | Jan 2024 – Aug 2025

Bachelor of Science — Information Technology | Gujarat Law Society (GLS) University, India | Jun 2019 – Mar 2022

VOLUNTEERING

Design Lead → Graphic Designer / Editor | Google Developer Group (GDG), Lambton College · Toronto, ON

May 2024 – Dec 2024

- Promoted from Graphic Designer/Editor to Design Lead; directed a creative team, maintained consistent branding across GDG platforms, and designed event banners, infographics, and presentation decks. Created interactive quizzes and visual content and ran workshops on tech and networking to support club members, newcomers, and event engagement.
